- Capturing moments
- Exploring distant lands

VIVEK KUMAR VERMA

Front-End developer

EDUCATION

G.I Bajaj Institute of Technology and Management

November 2021 - present

Computer Science and Engineering

PROJECT

Netflix clone

<https://vivekproject-netflix-clone.netlify.app/>

I have learned about React elements, React components, and how to get data from Firebase by building Netflix's header component and creating a row component¹.

Amazon clone

<https://vivek-react-project-amazone-clone.netlify.app/>

you can learn how to build a real-life project using React.js. You can also learn about React components, React Context API, and how to use Firebase for Authentication, Database, Functions and Hosting.

SKILLS
